with 16" Long Magazine

FEATURES & BENEFITS:

- Simple design translates to an easy installation.
- Clean, logical control panel design makes the machine easy to operate.
- Standard construction incorporates a sanitary design suitable for most bakery or pharmaceutical installations. Washdown construction available.
- Standard air cylinder drive offers a virtually maintenance free motion control and drive system.
- Smooth pivot rod motion creates a steady placement, especially at higher speeds.
- Pivot rod motion control enhances machine versatility, allowing for the possibility of the unit to be utilized in future tasks.
- Quick and easy product changeover means less downtime and greater machine efficiency.
- Many options available, allowing the end user to customize the machine to their specific needs.
